Providing the future

InOut | The Hospitality Community

INOUT | THE HOSPITALITY COMMUNITY.

The event dedicated to the contract
and hospitality world

Over the years, **TTG Travel Experience**, the leading event in **tourism and hospitality**, has attracted a large number of **accommodation facilities, resorts, non-hotel and open-air tourism businesses** to Rimini from Italy and around the world, alongside the major key players of the industries involved.

To further carry on its success, it has decided to combine the opportunity to meet for professionals with a **product offer**, creating the largest **marketplace for the world of tourism and hospitality**.

Thus was born InOut, one space designed to welcome the entire hospitality community, both indoor and outdoor.

What is InOut?

InOut | The Hospitality Community is a **unique event** where all facets of **hospitality** come together: the perfect place to discover **trends and innovations in the industry**. With **rich, integrated exhibition clusters**, it offers exhibitors, visitors, and buyers an immersive experience, always focused on innovation.

InOut: 360° indoor and outdoor hospitality.

SIA HOSPITALITY DESIGN

It is the only exhibition space in Italy dedicated exclusively to **hospitality** and **new concepts in guest accommodation**. This area brings together environments and furnishings from leading companies in hospitality design. Thanks to the agreement signed by IEG and FAITA Federcamping, SIA has integrated with the outdoor cluster, featuring camping and glamping, which are increasingly interconnected with the hospitality sector.

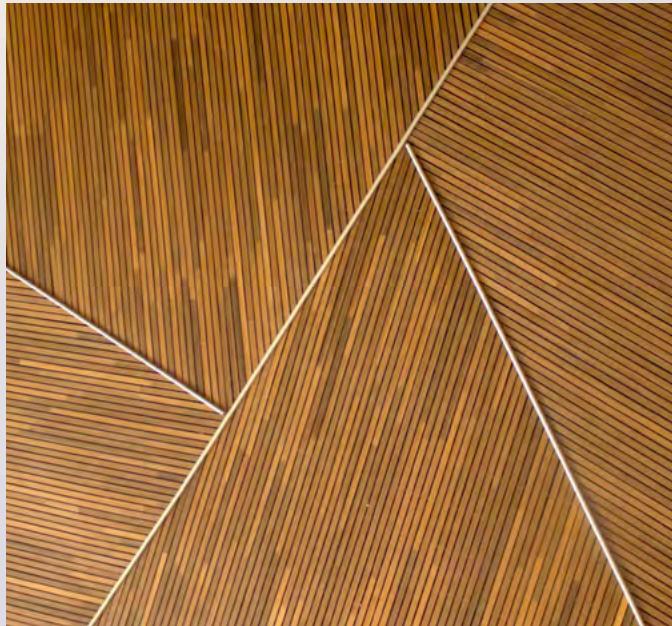

An area within SIA Hospitality Design created to host companies in the pool and wellness sectors. A strategic union that connects the entire pool & wellness supply chain with the hospitality world of the InOut marketplace.

SUN BEACH&OUTDOOR STYLE

A comprehensive showcase of all the latest developments for businesses and facilities in the **beach sector**. From design to setup, furnishings to technologies, new solutions to the latest trends, and even the most innovative and exciting startups in the industry: SUN Beach & Outdoor Style brings the beach world together in a single event and is Italy's **most complete platform** for the entire supply chain.

SUPER FACES

The B2B exhibition area dedicated to all types of **coverings and materials for architecture, interior design, and design**, aimed at Italian and international companies that produce innovative materials for surfaces and installation. A space where tradition and new technologies converge in creative solutions at the forefront of the industry.

The pavilion dedicated to **design solutions, furnishings, accessories, and landscaping** focused on outdoor spaces.

TO WHOM IT IS ADDRESSED

InOut targets all the key players in **hospitality**: general managers, owners of hotels and non-hotel accommodations, decision-makers from international chains, designers and architecture firms, campsites, and outdoor vacation providers.

The strategic union of TTG Travel Experience and InOut creates greater circularity and completeness in the marketplace: **TTG Travel Experience** attracts the organized tourism sector, while **InOut** is the unmissable event for the hospitality industry.
